- MERN Stack
- ReactJS, NextJS
- Redux
- NodeJS, ExpressJS
- MongoDB
- Deployment
- Socket.io
- Wordpress
- Critical Thinking
- Familiar with DevOps

LANGUAGES

- English (Fluent)
- Bangla (Native)

PROFILE

As a seasoned **JavaScript** Engineer, I bring a wealth of expertise in **Full-Stack** web development, specializing in the **MERN** stack. My journey has been marked by a commitment to excellence in creating responsive, dynamic web applications that push the boundaries of technology. With a strong foundation in MongoDB, Node.js, React.js, Next.js, Express.js, Redux and Socket.io, I am becoming confident to build any scalable web application.

WORK EXPERIENCE

Software Engineer (Full Time)

2023 - PRESENT

Talimul Quran Was Sunnah Internet Madrasa

- Developing and maintaining a sophisticated educational platform using the MERN stack and full-stack web development technologies which is used by more than **4000 students**
- Lead the creation of responsive, dynamic interfaces using ReactJS, Next.js, TailwindCSS, Redux and Styled Components to ensure efficient, scalable designs. I always **Look Back and** revise the design based on User Experience
- Responsible for robust Backend development where third party APIs and services may connect and work together **Efficiently**. I provide and test different problem solving algorithm so that stable output can come out
- Continuous monitoring the server so that it's always up and running. I always trying to implement smooth **CI/CD operations** on daily basis
- My work prioritizes innovation, integrating the latest technologies to ensure a functional, secure, and user-friendly platform. My passion for technology drives me to explore new tools and methodologies, constantly enhancing platform performance and user satisfaction

Software Developer (Part Time)

2022 - PRESENT

AK Consultant LLC

- Develop and maintain web applications using the MERN stack (MongoDB, ExpressJS, ReactJS, NodeJS) for my remote **US based company**.
- Collaborate with clients to understand their requirements and provide tailored solutions.
- Ensure high customer satisfaction by delivering quality work, meeting deadlines, and offering post-launch support.
